## Buyer Guidelines

---

A user can initially register to the system only as a buyer by giving the necessary details.

A buyer can't edit username and email after registration.

A buyer can't purchase a product without giving a valid phone number and delivery address.

A buyer can extend their account to a Buyer / Seller account after registering a store in the platform.

Please note that a user cannot directly register as a seller, first they must register as a buyer and then extend their account to a Buyer / Seller account using Switch to Selling option.
